## Registration Of Older Men Exceeds 21-35

Last To Register  
Was First To Sign  
Up In Last War

The registration of men in Pettis county between the ages of 44 and 65 under the Selective Service Act, exceeded the first registration of men between the ages of 21 and 35 by 304. The total registration for the four days was 3,801 and for the last day, which was Monday, there were 960.

Louis Otis McAtee, 51, of 1305 East Broadway, was the first man to register in Pettis county in World War I and Monday night he was the last man to sign his name in the last registration. Mr. McAtee requested of J. K. "Pat" Kidd, clerk of the Selective Service Board, to be permitted to register just as the "deadline hour" of 9 o'clock arrived.

Mr. Kidd personally registered Mr. McAtee as the last man.

Exempted In Last War

Mr. McAtee is employed as a crane engineer at the Missouri Pacific shops in Sedalia and came as a young man to Sedalia from Council Grove, Kansas, where he was born. At the first registration Mr. McAtee was working for the Missouri Pacific and registered early the first morning. He was not called into the service, being exempted because of his railroad work.

The McAtees left Sedalia a short time later and resided at Farnfeld, Mo., where he was connected with the railroad and the family returned to Sedalia in 1934.

Filing Registrants Cards

Mr. Kidd said that work has already begun in sorting and filing the names of the new registrants. The classifications of these will be made later, pending official word from Washington, D. C.

More than 100 men in Class 1-A have already been examined and are ready for the next call for men from Pettis county. No call for men from this county has been received for several weeks, however a call is expected by the first of May, the number not yet known.

## August 27 Is C. of C. Day At Fair

Thursday, August 27, will be Chamber of Commerce day at the Missouri State Fair, according to announcement made today by Ernest W. Baker, secretary-manager of the fair and Carl Bolte of Slater, president of the Missouri Chamber of Commerce.

All Chambers of Commerce throughout the state will participate in the activities of that day. A trophy will be offered by the state organization for the best Missouri owned five gaited saddle horse shown. It must be ridden by an amateur.

Mr. Baker said today that a new classification has been added to the agriculture department, that of Victory gardens. Awards of \$25, \$15 and \$10 will be made, and the class is open to any one.

## Chas. C. Goetz Commissioned

Charlie C. Goetz, son of Mrs. Laura A. Goetz of Ottaville, has been promoted to the rank of First Lieutenant in the army air force, according to word reaching here today from the air force advanced flying school at Stockton field, where he is stationed.

Lieutenant Goetz served previously at Fort Leavenworth, Kas., and Fort Leonard Wood, Mo. He was originally commissioned on November 12, 1940. He has been stationed at Stockton field since December 16, 1941.

## Tornado Kills Two In Minnesota

ORTONVILLE, Minn., April 28.—(P)—A tornado, striking 20 minutes before school was out Monday afternoon, demolished a country school house, killing two children, and injuring three others seriously. The teacher and three other students escaped with minor injuries.

Dead are Kenneth Lee, 14, and Mary Pollock, 11.

## Uncle El

Curiosity can kill a lot more than a cat, but if American planes will just continue to bomb Japan, seems to me we folks at home ought to be able to live and cheer the bombing, too, without knowing any more about where they come from than the Japs. At last we're delivering some scrap iron over there in a new form.

## Former Sedalian Tells Of Storm

One of the stories of the Pryor, Okla., tornado, carried in the morning papers today, quoted Charles Barde, city editor of the Pryor Daily Democrat, in which he said he would not attempt to estimate the number of injured.

"We've just come through the wrath of God," he said. Mr. Barde formerly was employed on the news staff of The Sedalia Democrat. He began his newspaper work as a young man here. He is a brother of Mrs. C. C. Williams of 418 South Massachusetts avenue, and she was very happy this morning when she read his statements in the paper, because she knew he was all right.

## Russian Born Has Three Sons In The Army

Sam Alpert Knows  
What Patriotism Is  
In Two Countries

The Russians probably have a word for it, and Americans certainly do. . . it's "patriotism." That's a word Mr. and Mrs. Sam Alpert, residing at 214 West 6th street, understands in both languages. Alpert, 62-year-old cabinet maker at the Missouri Pacific shops, came to the United States from Russia in 1907, and today he has three sons in military service for America and another in the third draft.

Alpert, himself, registered at the Pettis county court house on Monday to be ready for service if his country needs him. But right now his country needs him at home, to work for his family and write to his sons.

Son In Alaska

His oldest son, Jack, is 26 and a private in a coast artillery division stationed at Fort Greely, naval air station, Kodiak, Alaska. Alpert has received a newspaper published by the men at the Alaskan fort, sent to him by his son, which bears the name, "Kodiak Bear." It has as its motto "Serve in silence. . . Mum's the word. . . nuff said." The editors take care of the weather forecast situation easily with "Chungking: 'Belly cold' (courtesy KODK weather bureau)." KODK is the island's radio station which boasts a topnotch staff experienced men who formerly worked on national networks in the United States.

Increase In Pay

Other items in the four-page paper deal with a 20 per cent increase in pay for all enlisted men in Alaska, to help offset the expenses of eating in downtown Kodiak on furlough. (Hamburgers are 35 cents and steaks are as high as \$2.50). The standing of the Fort Greely boxing team, which is on top and is heading for the finals in a tournament at Anchorage. . . The starting of a twice-a-week airmail service, which brings letters from anywhere in the U. S. to Kodiak in about five days. . . and a full page of poetry for the more sentimentally inclined soldiers. The poems bear such titles as "Mush! Let My Teeth Decay, Army Life Is No Excuse," "Moo Cow" and "I'll Be Happy When the Ice-Worms Nest Again."

Fourth Son In College

Alpert's two other sons in the service, Corporal Paul and Sergeant Abe, were formerly stationed at Fort Jackson, S. C., and now are at a camp in Florida. Another son, Bob, 20, is attending State Teachers College at Maryville, Mo., and will be subject to call this summer.

With a family going all out like the Alpersts, who's got a doubt about the outcome of this war?

## President Speaks At 9 O'clock Tonight

WASHINGTON, April 28.—(P)—The radio address in which President Roosevelt will discuss with the American people his plan to control the cost of living will be delivered at 9 o'clock tonight, Central War Time. White House officials said the chief executive planned to speak for half an hour and it is expected that all major networks will carry the speech.

Two Trustees Missing

LEAVENWORTH, Kas., Apr. 28.—(P)—Two federal penitentiary trustees, serving short sentences, were missing today from the prison farm in Platte county, Mo., where they were quartered.

The two were Vester Lunsford, 25, serving a 3-year term from Tulsa, Okla., and Hubert Lee Myers, 25, serving two years for postal law violations from Dallas, Texas.

## Storm Wrecks Pryor, Okla., 68 Are Dead

Street Patrols  
Organized To  
Prevent Looting

PRYOR, Okla., April 28.—(P)—This war boom town today dug out of the ruins of an angry tornado that ripped down Main street, leaving \$2,000,000 in property damage, 68 known dead and an estimate by the state highway patrol that the toll would reach 100 in this area.

An unofficial check of mortuaries in the storm area disclosed 68 bodies and the highway patrol reported searchers still were digging through the rubble that once was Main street. Relief workers also hunted through farming areas devastated by the tornado.

The list of hospitalized injured ran between 150 and 300, the patrol said, and a score more were given only first aid treatment.

Mayor Thomas J. Harrison estimated the property damage would be at least \$2,000,000 here.

"We are going to start rebuilding right now," he said. "We believe we can get priorities for the materials because we are in a defense area."

This town of 5,000 to 6,000, next door to the multi-million dollar Oklahoma Ordnance Works, was ordered under martial law, and Governor Leon C. Phillips placed Safety Commissioner Walter B. Johnson in command of state relief agencies.

The martial law was announced by and is being enforced by the state highway patrol under Johnson, the state's national guard having been mustered into the army. The booming town has no sheriff or city marshal force sufficient to cope with such an emergency.

Search For Victims

Hundreds of workers and machinery from the ordnance works, which escaped serious damage, were rushed to the scene. Giant bulldozers and cranes shoveled through the wreckage in search of victims.

The tornado struck yesterday at 4:45 p. m. (CWT). Most of the six-block business district on Main street was reduced to rubble. Early this morning, a central relief agency was established in the community house under direction of Col. R. H. Cameron of the ordnance works. Street patrols were organized to prevent looting. Three arrests were reported.

The more seriously injured were hospitalized at Tulsa, Claremore, Vinita and other nearby towns. The community house, two churches and the Whitaker state orphanage were being used for first aid and emergency stations. Pryor's two hospitals were damaged and evacuated.

Red Cross Sends Workers

The Red Cross sent eight disaster workers from St. Louis with medical and other supplies.

Practically every brick building along the main street and on the principal business side streets was flattened or heavily damaged.

About one-third of the homes were damaged or destroyed. Entire blocks of houses were smashed in some instances.

Highway Patrolman Cecil Fishburn told of seeing the storm approaching as he drove into town from Claremore.

"Sheets of rain blinded persons along the street," he said. "I saw people huddled under awnings and in doorways to escape the rain and drove around trying to warn them. Many of them apparently were trapped under falling debris as the tornado struck."

Sheriff Don McElroy estimated that hundreds of parked cars were buried under the crashing buildings.

Eight Killed In Camp

In one trailer camp west of town, eight persons were trapped, eight persons were trapped.

Maybe They Will  
Obey Signs After This

ST. LOUIS, April 28.—(P)—A man and woman who insisted on smoking in a bus found out that "no smoking" signs mean just what they say.

But it cost them a total of \$135 in fines to learn.

In addition to the smoking charge both were named for general peace disturbance, and the woman fined on an additional charge of resisting an officer.

Mrs. Scruton Called  
To Father's Bedside

Mrs. D. Kelly Scruton, 724 West Third street, left Monday night for Slater where she was called because of the critical illness of her father, W. D. Toohy. She accompanied another sister, Mrs. Leo Sansone of Kansas City. This morning Mr. Toohy was taken to the Fitzgibbons hospital in Marshall.

Acting Head of WPA

WASHINGTON, April 28.—(P)—F. H. Dryden, deputy commissioner of work projects, became acting head of the WPA today, to serve until President Roosevelt names a successor to Commissioner Howard O. Hunter, who announced his resignation in New Orleans last night.

Hunter gave no reason for his resignation.

## Letter From England To Red Cross Children Of County

Last fall the Junior Red Cross children of Pettis county filled 50 boxes for children overseas. They were meant for Christmas, but just when they reached Europe is not known. Recently, however, the Houstonia school received a letter from an English girl expressing thanks for the articles that had been sent.

The boxes contained pencils, crayons, pads of paper, nuts, ribbons, marbles, balls, dolls and other toys. Miss Nettie Lamm, of the public library staff, is chairman of the county Junior Red Cross.

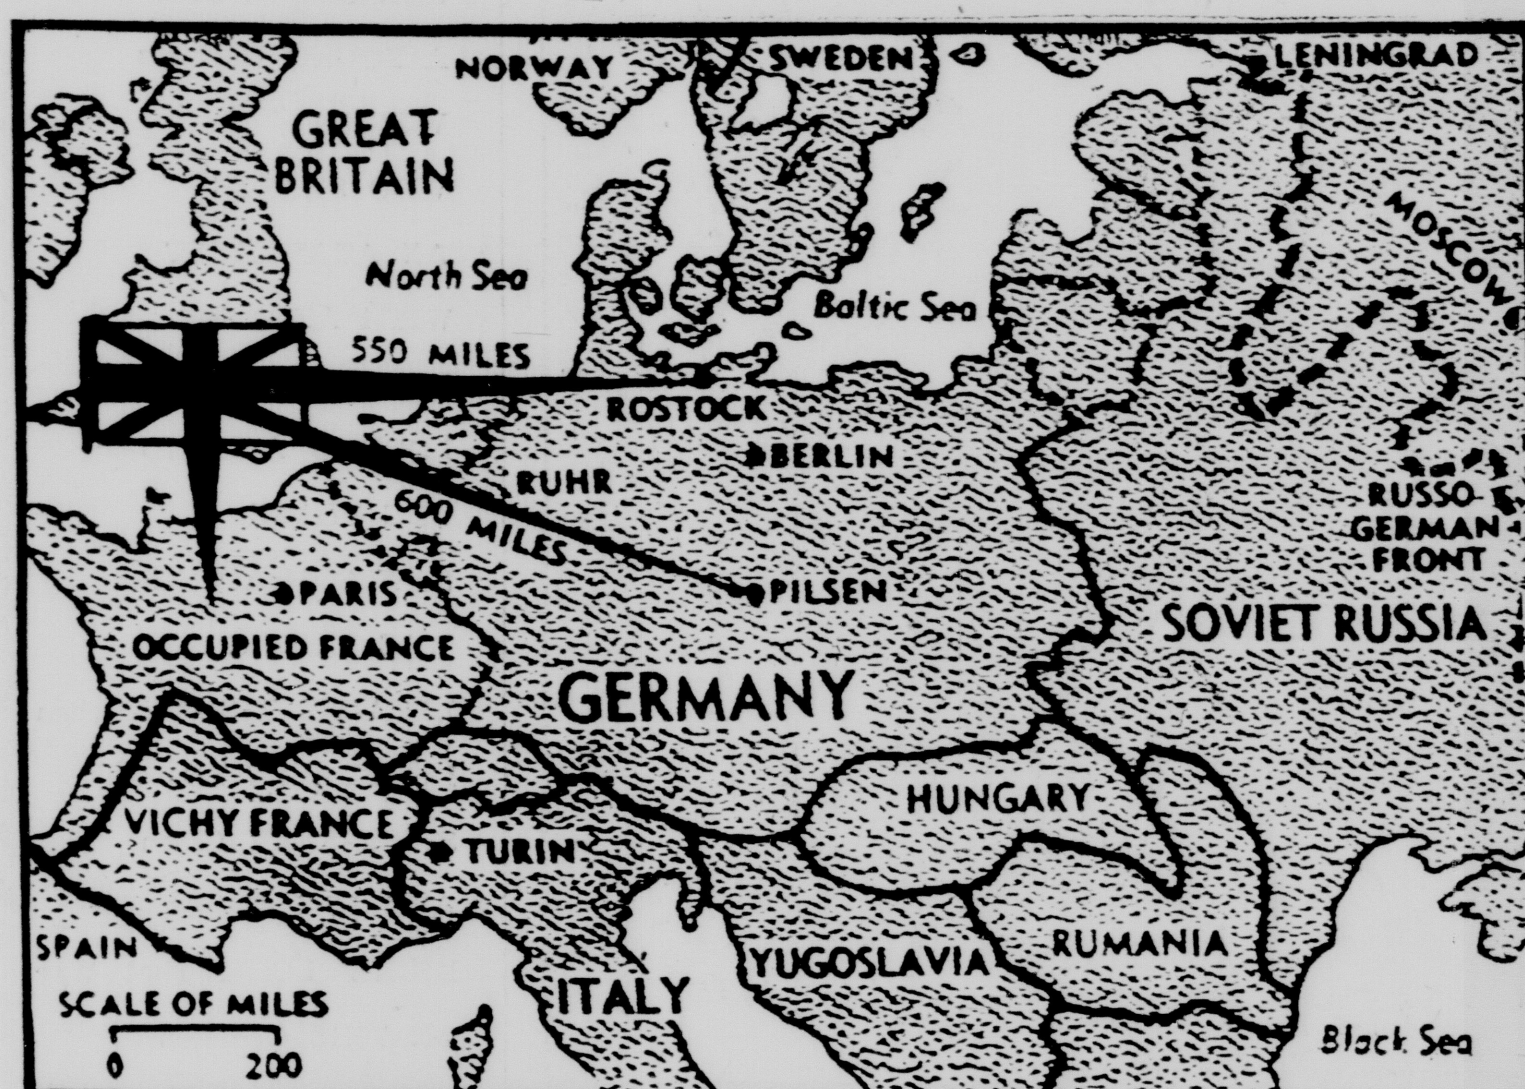

Following is the letter from England, in which a wish for a "pen-friend" is stressed:

"Dear Girls:  
"I am one of the girls of the Shropshire Cadets, also one who received a parcel from you. I am very grateful to you for sending us such lovely things, and I am sure every girl accepted your gift heartily."

"We were all overjoyed at seeing the parcels were from that lovely country named 'America.' I am sure we are all proud of her and its name."

"I am a private evacuee from Manchester, and very often wish I was back again. It would be

Elect Delegates  
To Convention In  
Joplin In May

Sedalia delegates to the state convention of the National Association of Letter Carriers and its auxiliary were elected at a meeting of the local organization in the V.F.W. hall last night. Those chosen to attend the two-day conference, which will be held at Joplin May 29 and 30, are Mr. and Mrs. Charles Plumlee, Mr. and Mrs. Ernest Holst, and alternates, Mr. and Mrs. Robert Scott and Mr. and Mrs. Homer Jones.

The association voted to purchase two United States War Bonds with funds in the organization's treasury.

An invitation has been extended to the members of the Sedalia association, and other cities in the western district, to attend session at Macon, May 9.

Studying First Aid

The advanced first aid class taught by W. E. Shirley under the auspices of the Red Cross will be resumed next Monday night, it was announced.

The association appointed a legislative committee to keep the group informed on items of interest. Members of the committee are: Mrs. Robert E. Scott, chairman, Mrs. Fred Brummett and Mrs. Ernest Holst. Changes in the National Association by-laws were called to the attention of members.

Host And Hostesses

Hosts and hostesses at Monday night's meeting were: Mr. and Mrs. C. A. Smith, Mr. and Mrs. Harry Hamm, Mrs. Emma Schaer and Mrs. Garnett Bulkley.

Attending the meeting were: Mr. and Mrs. Ernest Holst, Mr. and Mrs. Homer Jones, Mr. and Mrs. Elliott Hammond, Mr. and Mrs. Linden Lee Jones, Mr. and Mrs. Hugh James, Mr. and Mrs. Fred Brummett, Mr. and Mrs. Chas. Plumlee, Mrs. Charles Gamber, Mrs. C. O. Goodnight and guest, Miss Wilma Ruth Shelton, Messrs. Everett Kemp, James Long, Alva Trueblood, Gene Butterwick, James Meyers and Champ Richardson.

## Cut In Coffee Consumption

WASHINGTON, April 28.—(P)—"Here are the keys to the pantry. Jeeves; I feel like having some coffee and sugar with my cream this morning."

It's not quite as bad as that, but a start may have been taken with the announcement that a 25 per cent cut has been ordered in the consumption of coffee.

This means that wholesalers from now on will be permitted to release only enough coffee to afford the average American 2.1 cups a day instead of the 2.8 cups to which he has been accustomed.

"Uncertainties about future supplies," were blamed by the war production board for the order. Sugar sales stopped at midnight preparatory to a half pound per person per week rationing program starting May 5.

## Registration For Sugar Dealers On

Forty merchants, retail and wholesale who sell sugar, and industrial users of sugar, registered at the Smith-Cotton high school this morning. Between 250 and 300 are expected to register there today and Wednesday, the two days for registration of the dealers and large users, prior to the rationing of the commodity, which begins next week.

Sixteen teachers, some from the high school, others principals of the grade schools, are registrar clerks.

H. U. Hunt, superintendent of schools, suggests that as many as possible register in the morning, when the registrars are not so busy.

Similar registration is taking place at the rural high schools in the county, where merchants living in those localities are registering.

The school will be open until 5 o'clock this afternoon, and Wednesday, the last day, the hours are from 8 o'clock in the morning until 5 o'clock in the evening, with registrars on duty all during the noon hour.

## Pipe Line Worker Fined Ten Dollars

Lloyd Wressler, a pile line worker near La Monte, was arrested Monday night by Sheriff Ross Bothwell and Deputy Sheriff Archie Smith on a warrant charging him with common assault. This morning Wressler appeared before Justice of the Peace I. A. Cross at La Monte, pleaded guilty and was fined \$10 and costs.

According to information given Sheriff Bothwell the man climbed on a tractor on the pipe line job near La Monte and struck O. A. Massey. Sheriff Bothwell said it was indicated to him that the assault was over some labor trouble.

## Criticism Is That FDR Favors Labor

Charge His Share-  
The-War Program Is  
Unfair To Farmer

BY JACK BELL

WASHINGTON, April 28.—(P)—A chorus of complaints that President Roosevelt practically had exempted organized labor from his share-the-war program spurred new efforts in Congress today to force suspension of the 40-hour week and a legislative clamp-down on other union privileges.

Legislators generally approved the objectives set forth in the president's seven-point message yesterday designed to bring about an "equality of privilege" in sharing the war burden, but split into confused and quarrelsome blocs opposing and supporting some of the methods proposed.

The president planned to lay his program before the nation in a radio address tonight.

There was sharp criticism in Congress of the fact that Mr. Roosevelt had asked for no labor legislation and had approved continuation of over-time wages for war industry workers while at the same time proposing legislative lowering of price ceilings on farm products.

Agree On Taxes

Opposition developed also to his suggestion that drastic measures be enacted which would level off high personal incomes at \$25,000 a year, after payment of taxes. Most members agreed with his recommendations for drastically increased excess profits taxation.

There was general approval of an expected order fixing retail and wholesale prices and there was no objection to a rationing of essential commodities. Likewise, the president's proposal for wide-spread voluntary purchases of war bonds was applauded.

But legislators who have been championing new labor laws expressed dissatisfaction at Mr. Roosevelt's plan to stabilize wages by executive action through the

## Britain's Offensive Continues

British Bombers  
Raid Ruhr Valley;  
German Raiders  
Attacked Norwich

BY ROGER D. GREENE

Associated Press War Editor

Britain's great aerial offensive pounded Cologne in the heart of the Ruhr industrial valley before dawn today in the fifth successive night flight into Germany, an RAF communique announced while German night raiders heavily attacked Norwich, 100 miles northeast of London.

Huge fires were left burning in Cologne, the British said.

Other RAF planes struck in force at the German-occupied naval base of Trondheim, Norway, where the Germans are building an Atlantic battle fleet base, and bombed the docks at Dunkerque and Nazi airdromes. Eighteen planes were acknowledged missing.

Four German warships are anchored in Trondheim harbor, including the 35,000-ton battleship Tirpitz and the 10,000-ton cruiser Prinz Eugen.

A British spokesman said the RAF bombardiers rained their explosives chiefly on land installations which "we are trying to knock down as fast as they are put up," instead of concentrating on the warships.

"It is vitally important to destroy the usefulness of Trondheim as a naval base," the spokesman said.

Back By Daylight

By daylight, swarms of RAF warplanes roared back across the channel to blast the Nazi-occupied French "invasion coast."

Small, early flights which began at dawn were followed by a giant formation covering a square mile of sky. Described as "the largest single unit ever to attack occupied France," the raiders disappeared in the direction of Calais.

Observers said the thunder of heavy explosions jarred the English side of Dover strait, with white exhaust trails streaking the sky for many miles.

The magnitude of the RAF's around-the-clock assaults was indicated by a German high command assertion that 38 British planes had been destroyed in 24 hours—12 in night flights over western Germany last night. The Germans said 12 were shot down over Cologne alone.

The Washington  
Merry-Go-Round

By DREW PEARSON AND  
ROBERT S. ALLEN

WASHINGTON — One factor behind Roosevelt's seizure of Nazi patents was the fact that since Pearl Harbor, the U. S. Patent Office has been granting patents to German companies.

Furthermore, some of these patents have been granted to the German drug monopoly, I. G. Farbenindustrie, whose gas-hold on the American chemical and pharmaceutical business has been exposed by the Justice Department and the Truman committee.

To be sure, the Germans, after receiving American patents, assigned the rights to American affiliates, but they are not obliged to do so. The Germans still can get a valid patent in the United States, war or no war, in fact are protected by U. S. law.

The Patent Office contends that the law makes it necessary to grant patents to anyone who fulfills the requirements—which is true. However, it is equally true that the moribund Patent Office and its super-conservative Patent Commissioner Conway Coe have leaned over backward against liberalizing the law in recent years.

NOTE: Chiefly responsible for the current Senate investigation of patents are Senator O'Mahoney of Wyoming and Thurman Arnold.

**Good Neighbor Drinks**  
One of South America's brilliant ambassadors in Washington has found the cure for the proverbial hangover.

Compelled to toast the Good Neighbor policy night after night this diplomat went to Johns Hopkins medicos for advice.

"When I drink," he said, "I feel bad. Even if I merely drink wine, I suffer from heartburn. And I suffer even more if I drink whiskey."

The specialist pinched and pounded the diplomat, and poured pink and purple fluids into him. After tests that cost a total of \$150, the doctor offered the following prescription:

Before you begin drinking, take a jigger of olive oil. And after you have finished drinking, take a glass of milk.

The diplomat now follows the high-priced prescription with complete success. The Good Neighbor program is saved.

**Dies Spanked**  
It's a lucky thing for Congressman Dies that he was absent (in Texas) when the House Accounts committee acted on his request for more investigating funds.

Besides being held down to \$110,000—about a third of what he asked—Dies also was given a verbal shellacking that matched some of his own tirades.

An interesting feature of this castigation was that it was led by two members of his own committee—Representatives Joseph Casey of Massachusetts and Jerry Voorhis of California.

"I want it to go in the record," Casey declared, "that I and other members of the committee were not consulted on the recent unwarranted attack on Vice-President Wallace and the Board of Economic Warfare. We didn't know a thing about it, until we read Dies' remarks in the press. This happens all the time, and I'm getting tired of it. I'm against Congress spending further money on the committee unless the chairman holds regular meetings and lets us know what is going on."

Voorhis charged that Dies had not been authorized to begin the hearings on "espionage" he is now conducting in his home town in Texas.

"He acted without notifying the rest of us," Voorhis asserted. "I also think the committee should hire a competent lawyer, if it is

to continue, instead of depending on a converted radical to direct its investigations."

This shot was aimed at J. B. Matthews, Dies' chief investigator, once a fellow-traveler.

Others who got in some hot licks at Dies were Representatives John Coffee of Washington and Thomas Eliot of Massachusetts. Eliot pointed out that the FBI had "exonerated" BEW and other government officials smeared with Dies' red paint.

NOTE: The man chiefly responsible for slashing Dies' request from \$300,000 to \$110,000 was Rep. John Cochran of Missouri, scraggy chairman of the Accounts committee, long an outspoken critic of the Texas.

**Anti-Nazi Martyr**  
High U. S. Catholic authorities have received confidential word that Dr. Hein Hoeben, general secretary of the International Catholic Press Agency, died some weeks ago in the dreaded SS

prison in Berlin as a result of severe ill-treatment.

No hint of Dr. Hoeben's tragic end has been allowed to leak out from Nazi sources. He was the second high official of the ICPSA to die in this prison recently. The other was Monsignor Origer, vice-president of the ICPSA.

A dauntless foe of the Nazis, Dr. Hoeben fought them long before the invasion of Holland, his homeland.

His fearlessness infuriated the Nazis and they made repeated efforts to intimidate him. One tactic was anonymous telephone calls. His phone would ring and when he answered an unknown voice would say, "When we take over, you will get a bullet between your eyes."

To combat Dr. Hoeben's powerful press activities against them, the Nazis set up a rival Catholic press agency in Berlin, headed by a Quisling Dutchman. Dr. Hoeben exposed this so devastat-

After the invasion of Holland, Dr. Hoeben escaped to France, where he was captured by the Germans, who tried to persuade him to become one of their stooge "collaborationists." He refused, and they threw him into the SS prison.

Messrs. Shain and Barnett today moved their law offices from the Hoffman block to the apartments in the remodeled Hutchinson building at Second street and Ohio avenue, over Dow's drug store.

The union barbers of the city met last night and discussed salary payment in Sedalia. The older journeymen have asked for a guarantee of \$11 each week, but several proprietors have objected.

E. E. McClellan and a number of other Sedalians will go to Clinton June 19 to attend the state prohibition convention.

Gen. Bonesteel  
Takes Command

WASHINGTON, April 28—(AP)—The war department announced Monday that Maj.-Gen. Charles H. Bonesteel, commander of the American troops in Iceland, has taken over the command of all forces of the United Nations in that northern Atlantic island.

Bonesteel succeeds Major General Henry Osborne Curtis of the British army, but there was no indication in the brief announcement whether British troops were being withdrawn from Iceland.

It was recalled, however, that both President Roosevelt and Secretary of War Stimson are on record as saying it was the purpose of the United States eventually to take over the garrisoning of the island from the British. Both of these statements, however, were made last year before the entry of this country into the war.

Mr. Roosevelt, in announcing on July 7 that American naval forces had arrived in Iceland said that

they were there to supplement "and eventually to replace the British forces which have until now been stationed there."

A letter from Secretary Stimson saying that British troops would be withdrawn from Iceland "as soon as practicable" was made public on October 16 by Senator Vandenberg (R-Mich.)

## Listening In Was Upheld

Ruling Helpful In Combatting Of Espionage

By WILLIAM R. SPEAR  
WASHINGTON, April 28—(AP)—In a ruling which the justice department said would further its counter-espionage activities, the Supreme Court Monday held that the use of a mechanical device for overhearing telephone conversations was legal.

The 1934 federal communications act outlaws wire-tapping but the court said that this protection covered "the means of communication" and not "the secrecy of the conversation itself." Thus the court upheld the use of a device called a detectaphone which, from another room, can pick up the conversation when a man speaks into a telephone.

In another decision on the same subject, the court held that testimony procured through actual wire-tapping could be used in court if the defendant were not a party to the intercepted message.

Justice Roberts delivered both opinions. Chief Justice Stone and Justices Murphy and Frankfurter dissented in the latter case but Justice Murphy was the lone dissenter in the detectaphone case.

In connection with the detectaphone case the justice department said that in the light of the Japanese sneak attack on Pearl Harbor it was "of vital consequence whether a military officer or other government agent may overhear or intercept the communications of suspected spies or saboteurs."

### Conspiracy In Case

The majority opinion said that what is protected by the communications act "is the message itself throughout the course of its transmission by the instrumentalities or agency of transmission."

"Words spoken in a room in the presence of another into a telephone receiver do not constitute a communication by wire within the meaning" of the act, it declared.

The case involved three New York attorneys, Martin M. Goldman, Jacob P. Shulman and Theodore Goldman, convicted of conspiracy in a bankruptcy case. Three federal agents and a stenographer, using a detectaphone, listened from an adjoining room to Shulman talking on the telephone in his office.

In the other case the court upheld the conviction of four New Yorkers, Dr. Maximilian Goldstein, Dr. Benjamin Schwartz, Herman Rubin and Irving Elenz, in an alleged insurance racket. They contended that two other men, Dr. Hirsch L. Messman and Elias Garrow, "had been induced to plead guilty and to testify for the government" upon being confronted with evidence obtained by wiretapping.

"We are of the opinion," the court said, "that even though the use made of the communications by the prosecuting officers to induce the parties to them to testify were held a violation of the (communications) statute, this would not render the testimony so procured inadmissible against a person not a party to the message."

## Assail Methods Of Buying Trucks

JEFFERSON CITY, April 28—(AP)—The Missouri public expenditure survey charged Monday that the state's methods of buying trucks were "grossly unfair to business concerns and costly to Missouri taxpayers."

Among the practices the taxpayers organization alleged were: Awards of contracts to other than low bidders; changes in specifications after bids were received; altering specifications by oral agreement with bidders to the detriment of other bidders not parties to the specification changes; inviting bids on specifications other than standard in such a manner as to limit the number of bidders; purchasing unnecessary and costly accessories—such as cigar lighters for trucks; awarding purchases on bids incomplete as to detail and price.

The charges were based on a study of records of state purchasing agent Ted Ferguson covering the purchase of 24 trucks since Dec. 1, 1940. But the survey com-

## Three Lonely Lads

The young fellows above look like puppies, but looks are deceiving. They are three members of a family of six wolves, caught by Pete McFarland, 12 miles northeast of Sedalia. The mother wolf, which was shot, was turned over to the Pettis county clerk for a bounty of \$7.50. Two of the baby animals brought bounties of \$1.50 each. The others were sold. The bounty on female wolves recently was raised from \$5 to \$7.50, to encourage farmers to bring in more of the animals early in the year and prevent preying on farm animals.

mented that "some of the practices covered are generally in use in purchases of other items."

"On the whole, the practices evident in 1942 appear more satisfactory than those of the preceding periods," the survey said, pointing out that recent "specifications are more accurate and the number of dealers invited to bid and the number of bids received have been increased."

Ferguson, a Republican, became purchasing agent last summer.

Last week the survey charged the state was trading in used cars far below their actual value—in one case as low as \$1—in a scheme to get dealers to reduce the price on new cars below the legal \$900 limit.

## Hunter Resigns Post With WPA

NEW ORLEANS, April 28—(AP)—Howard O. Hunter said here Monday night that he had resigned as commissioner of the WPA, effective May 1, and that his resignation had been accepted by the President.

Hunter, here on vacation, would not discuss the matter further and would not comment on future plans. He said his resignation was a personal matter between him and President Roosevelt and that he was not at liberty to discuss it.

He refused to answer further questions tonight.

## Find Girl Dead Of Rifle Shot

Notes Of Ethel May Thixton Name Flower Girls

VERSAILLES, April 28—A Morgan county coroner's jury investigating the death of a 15-year-old Fortuna girl adjourned Monday until Thursday to examine thoroughly evidence in the case. The girl, Ethel May Thixton, daughter of Jess Hunter Thixton, who resides on a farm two miles south of Fortuna, was found dead near her home about 11:30 o'clock Sunday morning with a .22 caliber rifle beside her.

The body was found by a brother, Thomas, who joined his father in a search for the girl after she had declared she was going out of the house for a few minutes, and failed to return. According to information given by the father at an inquest held at Versailles today, the girl, her father and brother had attended Sunday school in Fortuna Sunday morning, and had returned home about 11 o'clock. The young girl, a Fortuna high school freshman, went to the kitchen of the home and began peeling potatoes for lunch.

A few minutes later, she told her father that she was going outside, but would be back immediately. After she failed to return within a half hour her brother went to her room to look for her. Searching in several rooms, he discovered that a rifle kept in the house was missing, and he and his father immediately began exploring around the farmland surrounding the house for her.

### Bullet Pierced Chest

The brother found her body a quarter of a mile from the house near a creek with the rifle beside her. A bullet from the gun had pierced the left side of her chest. Neighbors were called, and the body was taken to the Richards Funeral home at Tipton.

Four notes had been left by the girl, but none of them gave any clue to reasons for her death. Two notes gave her choice for flower girls at her funeral, and another named pallbearers. A fourth missive was unfinished.

### Good Grades In School

The girl's father could give no explanation of the death, and stated that he did not allow his daughter to go out with boys, and asserted that she had been making good grades in her school work. Her mother died when Ethel May was but a few days old.

After hearing the facts of the death and receiving evidence, the jury selected by Lloyd Buchanan,

## Closing Concert For Symphony

Especially during war times such musical organizations as symphony orchestras offer a key-note of unity in their very structure and provide entertainment that is an enjoyable escape. It is with these thoughts in mind that the Sedalia Symphony orchestra and Conductor Abe Rosenthal will present the closing concert of the season at 8:15 o'clock tonight at the Smith-Cotton high school auditorium.

The music of the Russians, our allies on the war front will be represented by Tchaikowsky and Rimsky-Korsakoff. An outstanding offering on the program will be the Cadman America Suite.

Jeanne Madden, lyric-coloratura soprano of prominence, who in private life is the wife of Keith Martin, director of the Kansas City Art Institute, will be the guest soloist, singing a Verdi aria with orchestra accompaniment, and a solo group.

Miss Madden's accompanist will be Pearl Roemer Kelly who has appeared here before with guest soloists.

The doors will be open at 7:30 o'clock and those who do not hold season tickets may secure single admissions at the box office.

# Hitler Keeps Sharp Eye On His People

## His Strong-Arm Methods Indicate All Is Not Well

By DEWITT MACKENZIE  
Wide World War Analyst  
There certainly is something rotten in Germany when Hitler has to order his puppet reichstag to grant him power of life and death over the people, without regard to existing laws in order that he may be, as he puts it, "legally entitled to hold anyone to his duties," and to punish those who disobey.

Obviously it means that he is encountering trouble which he figures can be handled only by strong-arm methods. The reichstag action, of course, is only eye-wash, serving to warn the restless public of what it may expect if it doesn't give absolute obedience. This significant development, which is welcome news for the allies, coincides with the swelling of the revolt among the peoples of the occupied countries, and the growing reluctance of the other European members of the Hitlerian pact to continue to sacrifice their own people in order to provide blood-transfusions for Nazi-dom. We see this disposition in Rumania and in Hungary, and, what is of greater importance, in Italy, which used to be stroke-ear in the fuhrer's galley until the crack of his whip no longer brought the old response.

**Italy Tired Of Yoke**  
One of the things for us to watch, and for Herr Hitler to keep a sharp eye on, is the durability of that Italo-Nazi alliance. As a matter of fact it long has been obvious that Italian loyalty to the fuhrer isn't the cement which holds the original axis brotherhood together. To put it bluntly, Italy is in much the same position as any of the German-occupied countries — an unwilling wearer of a yoke which thus far has been too heavy to shake off.

It isn't strange, therefore, to get a report from neutral Turkey that secret negotiations for peace are being undertaken in Rome with the allies. Now there may or may not be a sound basis for this report but from my own knowledge I am confident that whether or not the Italians actually are feeling about for peace, they would jump at it if they were free to do so.

**Has Drained Italy**  
But they aren't free. Hitler's troops have their hob-nail boots firmly on Italian soil, and he has only to raise his hand to turn that ancient country into another France. He has coolly and ruthlessly drained Italy of her resources until there is even a serious shortage of food in some places.

Mussolini no longer is master in his own house, but has reached the pitch of seeing his land turned into a German military base over which he has little control. Actually a great section of the Italian people have had no stomach for the German game from the start. I know from personal investigation in Italy that they abhorred Hitler's doctrines and were immeasurably shocked by such acts as persecutions of the churches and the Jews. Thus it was with the utmost misgivings and reluctance, that apart from the fanatical young Fascists, they followed Il Duce on what has proved to be a disastrous gamble.

**Back To Royal Family**  
Long ago the people began to swing from the once heroic personality of Mussolini back to the old king and the royal family. The monarchy once more is the big man in the hearts of the

great majority of his subjects. There is no doubt that Italy would like peace and while the king now is in effect a prisoner in his palace, the time may come when he can act.

Such a peace would, of course, mean unconditional surrender. The allies could accept nothing short of that, but they already have made it clear that the new world after the war is to rest on justice and equality.

## Britain's Offensive Continues

### Repulsed By Russians

A bulletin from Red army headquarters said Russian troops bloodily repulsed tank-led German forces which had sought for two days to drive wedges into Soviet lines on the central front, killing more than 1,000 Nazis. One the North African front, British headquarters reported "considerable patrol activity" and said axis columns in a southern sector of the desert campaign "withdrew on being engaged by our light forces."

An Italian communique said axis artillery beat off attacks by British armored cars.

## Auto Graveyards Must Sell Scrap

ST. LOUIS, April 23—(AP)—The government has issued an ultimatum that it "will take over" unless automobile "graveyard" owners in Missouri, southern Illinois, Arkansas and Louisiana sell their scrap by May 9 and get it moved to consuming mills within 60 days.

The order was announced last night by George J. Devine, regional manager for the automobile section of the war production board. He spoke before a meeting of representatives of steel mills, foundries and scrap dealers.

Devine asserted letters would be sent today to 1938 graveyard owners and 292 dealers in the midwest asking them to comply with the program.

"The government is not satisfied with the results of scrap iron dealers and graveyard owners in moving junk cars," Devine stated, "and a drive to speed up production of scrap in midwest south central areas has been instituted."

The government has ordered scrap dealers to bid a fair price for the entire contents of automobile graveyards, with the exception of loose saleable parts.

Devine said the action did not mean his office wanted to empty the yards completely but merely turn over present inventories.

The bloodhounds, borrowed from the state penal farm at Putnamville, sniffed some of Judith's clothing and then started on her trail.

In less than an hour they found her playing in a creek two and a half miles from home.

## Criticism Is That FDR Favors Labor

Continued From Page One

machinery of the War Labor Board as well as his evident opposition to suspension of the 40-hour week and to the enactment of anti-strike legislation.

Mr. Roosevelt predicated his stand on the assertion that organized labor had "voluntarily given up its right to strike during the war."

The labor question was brought before the Senate today on a special order permitting Senator Connally (D-Tex.) to move to take up his bill authorizing the government to seize strike-bound war plants, freezing working conditions in such plants but permitting the adjustment of wages by a special board.

One group of senators had four amendments read to insert in the bill. These would establish a 48-hour work week at regular pay in war industries, freeze open and closed shops, limit union initiation fees and outlaw jurisdictional strikes and boycotts in war plants.

In the House, Chairman Vinson (D-Ga.) said the Naval Affairs committee would vote tomorrow on his bill to establish a 48-hour week, freeze union status and limit war profits.

**Criticism From Both Parties**  
Criticism of the president's stand on the labor question came from Democrats and Republicans alike.

Senator Byrd (D-Va.) told reporters he thought the president's plan to stabilize wages would not be effective in dealing with the "danger of inflation."

"Labor would be exempted under the president's plan," he said, "and it would become impossible to fix other prices because labor is a substantial part of the cost of every article offered for sale."

Senator Ball (R-Minn.), author of a bill to stabilize wages under a cost-of-living formula, said he thought Mr. Roosevelt had proposed nothing that was effective and "apparently doesn't want Congress to do anything."

**May Pass Legislation**  
"I think we have got to go ahead and pass legislation," he added.

## Launch State Campaign On Old Jim Gore

ST. LOUIS, April 23—Sectional differences in public taste have been substantially broken down as the result of the large scale movement of population in the United States during the past few years, and particularly since the national defense program was initiated, W. M. Barnett, vice president of McKesson & Robbins, Inc., said in St. Louis today.

Speaking at a meeting in the Mayfair hotel of forty-five of the firm's Missouri managers and salesmen, Mr. Barnett said that the broadening demand for bourbon whiskey was illustrative of the change in tastes.

"Until a few years ago," he said, "Bourbon was in demand primarily in the south and in the west. Today it is being sold in all sections of the country."

Mr. Barnett has come to St. Louis to launch a state wide sales and newspaper advertising campaign in Missouri for Old Jim Gore bourbon whiskey. Among those attending the meeting were: L. S. Schulte, the company's liquor sales manager in St. Louis; Henry D. Faxon, of Kansas City, regional vice president; J. J. Bertrand, of Kansas City, liquor sales manager; A. C. Saxer of New York, assistant national sales manager; and Neal D. Ivey and Ted Strong of Ivey & Ellington, advertising agency for Old Jim Gore whiskey.

"Many Americans who had turned to imported whiskeys are rediscovering the products of American distilleries," Mr. Barnett said. "Those who preferred a lower proof to the traditional 100-proof bottled-in-bond American whiskey are now finding in the 90 and 86-proof American whiskeys the mildness of the imported products."

Miss Elvera Embree is in Windsor where she is the guest of her aunt, Mrs. Pat McFarland and Mr. and Mrs. Earl Embree.

Faye Mitchell, employee of the county agent's office, said "everything went black as the storm struck."

"It made my ears hurt," she said. "There was a high whistling sound. It was like swimming deep under water."

All telephone communications were cut. The electric power was off. Ambulances from nearby towns carried out wounded.

F. C. (Dick) Dickinson, employee of the Grand River dam at Langley, Okla., had just driven into town as the purplish-black storm descended.

He said he counted 11 bodies in five blocks.

**Defense Workers Help**  
The ordinance plant workers cleared the streets of rubble, then attacked the tottering walls of business houses to avert the danger of further crumbling and injury to rescue workers.

Portable power units from the ordinance works were set up at strategic centers in the downtown area. Emergency water supplies and food were brought in.

The storm was freakish in its savagery. About 15 to 20 chickens covered down the street, picked clean by the wind.

One side of the First National bank was blown out. Loose money from the tills—the amount undetermined—littered the street. Nobody stopped to pick it up. They were too busy.

**Followed Highway**  
The storm dipped down on Highway 20 about 12 miles west of here and apparently followed the highway into Pryor.

Its path along the highway was littered by twisted automobiles, some of which it tossed 200 yards into fields. One giant gasoline transport truck was twisted like a pretzel.

Standing on a hilltop on the highway, George Wolfe, Tulsa, truck driver, told of seeing the purplish-black cone—"From all sides were spitting big cows, calves, whole trees, telephone poles, roof tops."

His helper, Leonard Wallace, 18, said a light bakery truck with the driver in it just disappeared. "I saw that truck a good 15 feet off the road and twisting in a continuous circle," Wallace related.

The storm also was reported to have taken one life at Tiawah, about 15 miles southwest of Pryor, and to have killed three east of Talala.

### Fighting Charged Released on Bond

Clayton Zink and C. M. Shoemaker, arrested Monday night for fighting and disturbing the peace, have been released on bonds of \$10 each to appear before Judge C. W. Bente in police court on May 12.

The two boys were tussling in front of the Chasoff drug store and broke a window glass.

## Promotion To President's Son

CAIRO, Egypt, April 23—(AP)—Elliott Roosevelt, son of the president, recently was promoted to the temporary rank of major and military men said today "this rank corresponds with the importance of the work to which he is assigned."

(Major Roosevelt joined the air force September 23, 1940, with the rank of captain, an appointment which caused controversy in Congress. He resigned his commission but the resignation was not accepted. Later, he was with the president at the "Atlantic Charter" meeting with Winston Churchill. Two weeks after Pearl Harbor he became an air combat navigator and only recently he was sent to Egypt.)

Army men here explained that many British and most United States officers in this area enjoy temporary ranks above their substantive ranks.

The other three Roosevelt sons all hold commissions.

James Roosevelt is a captain in the marines, Franklin D., Jr., a lieutenant in the navy and John a naval ensign.

## Personals

Mrs. J. W. Craig, 326 North Quincy avenue, has returned home after a five weeks visit with her sister, Mrs. W. E. George of Enid, Okla. and Mrs. W. H. Epple, of Lamar.

Mr. and Mrs. E. E. Swafford, of 1715 South Prospect avenue, had as their guests over the week end their daughter-in-law, Mrs. E. E. Swafford and her two sons, Ernest Lee and Ronald Dean of Independence.

Miss Elvera Embree is in Windsor where she is the guest of her aunt, Mrs. Pat McFarland and Mr. and Mrs. Earl Embree.

## Allot Fewer Tires For May

Pettis county's quota of new passenger car tires was decreased again Monday in the May allotments released by state rationing headquarters. Last month, Missouri's quota dropped about 100 from the previous month in the passenger car tire division, and Pettis county was allotted 25 tires, 29 retreads and 27 tubes.

New car tires for May will be 11, but retread allotments and tubes for the county have been increased. Fourteen new passenger car tires will be issued during May, 67 retreads, and 40 tubes.

For trucks and busses, 77 new tires have been allotted the county, 123 retreads and 106 tubes. The latter two figures have been increased considerably over the April total, although new tire allotments have been sliced in all counties.

The state's total quota for next month will be 1,609 passenger car tires and 7,613 truck tires. Cars will be allowed 11,881 retreads and 6,707 tubes with trucks and busses permitted 12,138 retreads and 10,521 tubes.

## Urge Farmers To Build More Storage Room

### Wickard Tells Them They Must Face Tough Problems

ENID, Okla., April 23—(P)—The nation's wheat farmers were urged today by Secretary of Agriculture Claude R. Wickard to start building more farm storage at once and told that future production goals limited to 40,000,000 acres for flour milling might be necessary to maintain parity. Excess wheat would go to industrial and feed uses.

## NO SUGAR THIS WEEK!

Try these 6  
Sugar Saving Tips

1. Use honey instead of sugar on cereals and fruits. It blends deliciously with the nut-like flavor of cereals—turns them into exciting new treats.

2. Make more loaf cakes and frost the top only. Frost layer cakes between layers, on top but not on sides. Spry cakes are lighter—deliciously unfrosted, too.

3. For a grand easy-on-sugar dessert serve light, tender Spry gingerbread in squares, warm, topped with whipped cream sweetened with a little molasses.

4. Serve canned fruit pies with tender, flaky Sprycrust. Boil down the sirup and you won't need sugar except a little with red pie cherries.

5. Serve piping-hot Spry biscuits with preserves or honey and your folks won't miss dessert! Try other Spry quick breads, too, see how light and tender.

6. Use jams, jellies and marmalades as fillings for cakes. Serve them also with French toast (sauteed in hot Spry) for a simple, easy dessert.

### Legion Helps Sales Of Bonds

Monday night several members of Pettis County Post No. 16, American Legion, made a trip to Salem school by invitation where various ones in the party made talks in explanation of and promoting sale of United States war bonds.

Speakers included P. T. O'Brien, Harvey D. Dow, Tony Spurluck, Otis Howe and J. H. Brooks.

Numerous pledges were made for regular purchases of war bonds and stamps. Music was furnished during the evening by Edwin Danforth with Mrs. Glenna Aldridge leading in singing of patriotic songs.

### Insurance Companies Selling War Stamps

The major insurance companies according to a new plan recently put into effect, are selling war savings stamps, not only to their own policy holders, but to the general public.

This plan was arranged because the nature of the work of their field men affords unusual opportunities for service to the public in this respect.

### Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. If you are introducing your sister-in-law, whose name is different from your own, would it be correct to say, "This is my sister-in-law, Miss Brown?"

2. If you are a woman introducing your husband to a woman you have just met, would it be correct to say, "Miss Brown, I'd like you to know my husband?"

3. If you are introducing your husband to someone who has heard you speak of him, would it be all right to say, "This is Jim?"

4. When you are speaking of a house guest to your maid should you refer to him as John or Mr. Brown?

5. If you are introducing your mother and father to friends would you introduce your mother or father first?

What would you say if—  
You are introducing a high school boy or girl—  
(a) "Mary, this is Jim Brown, Mary Smith?"  
(b) "Miss Smith, may I present Mr. Brown?"

Answers  
1. Yes.  
2. Yes.  
3. Yes.  
4. Mr. Brown.  
5. Your mother first.

Better "What Would You Do?" solution—(a) is more informal, and therefore better when introducing young people, but (b) is not incorrect.

## Society and Clubs

Mr. and Mrs. R. C. Smallwood, 506 East Tenth street, announce the marriage of their daughter, Jessie, to Mr. James Earl Harrison, son of Mr. and Mrs. E. Harrison of Lebanon, Missouri, which was performed on March 30.

Mrs. Harrison, who attended St. Patrick's grade school and graduated from Smith-Cotton high school in 1939, then from Central Business College, has for the past year, been employed as a stenographer in the construction quartermaster's office, at Fort Leonard Wood.

Mr. Harrison, who attended the grade and high schools in Lebanon, is employed at the McMullen greenhouse, in that city.

Mr. and Mrs. Harrison are now at home at 619 North Madison, Lebanon.

## Three Series Open Today As Standouts

Cincy Reds Lose An  
Eleven Inning Game  
To Chicago 3-4

BY JUDSON BAILEY  
Associated Press Sports Writer

The major leagues open their first interseasonal strife of the season today and the next 10 days may be more revealing than those that have passed.

It is impossible to evaluate the Brooklyn Dodgers, for instance, on their record of winning nine out of 11 games from the Boston Braves and Philadelphia Phils and no one will be sure of the surprising strength shown by the Cleveland Indians until they are tested against the New York Yankees and Boston Red Sox.

At the outset there are three series that stand out—the Detroit Tigers invasion of Boston in the American League and the Brooklyn Dodgers at Cincinnati and New York at St. Louis struggles in the National League.

The Tigers have come up with some unexpectedly fine pitching and the New York Giants with extra-base hitting, to astound virtually everybody by hanging around third place in the two leagues. One reason however, is the collapse of the Chicago White Sox, who currently are couched in the American League cellar, and the Cincinnati Reds, who are in seventh place in the senior circuit. Both these clubs were, and still are, expected to wind up near the top.

The Reds ran into another setback yesterday, 4-3 in 11 innings, by the Chicago Cubs and now need desperately to show something against the Dodgers if they hope to get into the pennant scramble. For the Cubs victory meant a tie with the Giants for third place.

Johnny Vander Meer hurled for the Red sand allowed 11 hits in 11 frames—but six of these were bunched in the fourth and fifth innings for three Chicago runs and two more, singles by Stan Hack and Rookie Len Merullo, sandwiched an error by shortstop Eddie Joost in the 11th and spelled Vandy's doom.

All of the other clubs had an open date.

### No Football This Year At Southwestern College

WINFIELD, Kas., April 28.—(P)—The war made its first inroad on Arkansas Valley football teams today. Southwestern college, a power in the Central conference, probably would drop the sport. Dr. Charles E. Schofield, president-elect, said.

The O. E. S. held its weekly meeting Friday night with the annual official visitor and Grand Matron, Miss Wilma Moore, as guest. Other visitors were Miss Wanda Lee Ailor, daughter of Rev. Ailor, who was pastor of the Methodist church here a few years ago, Miss Marie Hines, Mrs. Carney and J. P. McDaniel, of Linn, Mrs. Neoma Bealer, worthy matron, California.

Mrs. M. J. Battles and children, Pearl and John attended the closing exercises of Oak Grove school Wednesday night. Miss Marjorie Williams is teacher of the school.

Uriah Dooley of Rock River, Wyo., is here helping care for his father, Curd Dooley at the home of his son and daughter-in-law, Mr. and Mrs. Fordyce Dooley. Mr. Dooley suffered a paralytic stroke about two weeks ago, and his condition remains about the same.

Little three year old Barbara Boren daughter of Robert Boren, who is in the service overseas, and whose home is in Tipton with her mother and grandmother Briggs, is spending a few days with her paternal grand parents, Mr. and Mrs. Fred Boren in this community.

Mrs. J. S. Laws began work at the California garment factory last Monday.

Cross Lane school west of town, where Mrs. Robert Gump was teacher, closed Thursday. There was one eighth grade graduate, Henry Boren. There was no program. A picnic was held by the students and several friends. Mrs. Gump will attend school at Warrensburg this summer.

Paul Reed Williams, who is employed in Kansas City, spent the week end with his father Frank Williams and children.

Vestal Vaughan, daughter of Mr. and Mrs. L. H. Vaughan, celebrated her seventeenth birthday Friday by entertaining some of her friends at 6 o'clock dinner. She will be graduated from high school next month.

## Ralph Greenleaf Again Champion

PHILADELPHIA, April 28.—(P)—Ralph Greenleaf, world's pocket billiard champion, won the official national championship last night with one-third of the tournament remaining to be played.

The Chicago veteran and his three opponents—former champions Jimmy Caras, Andrew Ponzi and Willie Mosconi—have played seven matches with four to go.

Greenleaf beat Mosconi 125 to 109 for his sixth victory against one defeat. Mosconi and Ponzi have won three each and Caras two.

## Negro Girl To Home At Tipton

Ferda Mae Lyles, Negress serving a term in the state penitentiary for robbery, was given a new sentence by the juvenile court Monday, to be committed to the Industrial Home for Negro Girls at Tipton, Mo., until she is 21 years of age.

Ferda Mae and Gladys Gray, also Negress, pleaded guilty in criminal court on April 6 to a charge of robbing Ernest Kerr, February 21, and both were sentenced to five years in the Missouri penitentiary.

It was revealed recently that

Ferda Mae is only 17, an age too young for a penitentiary sentence, and her case was transferred to the juvenile court from the criminal division. She will serve out her term at the penitentiary, however, after she has reached the age of 21, and is released from the industrial home at Tipton. The girl's mother is deceased and her father is an inmate of the penitentiary.

## Many Have Incomes Of Over \$25,000

### President Is Far Down List In Big Salary Group

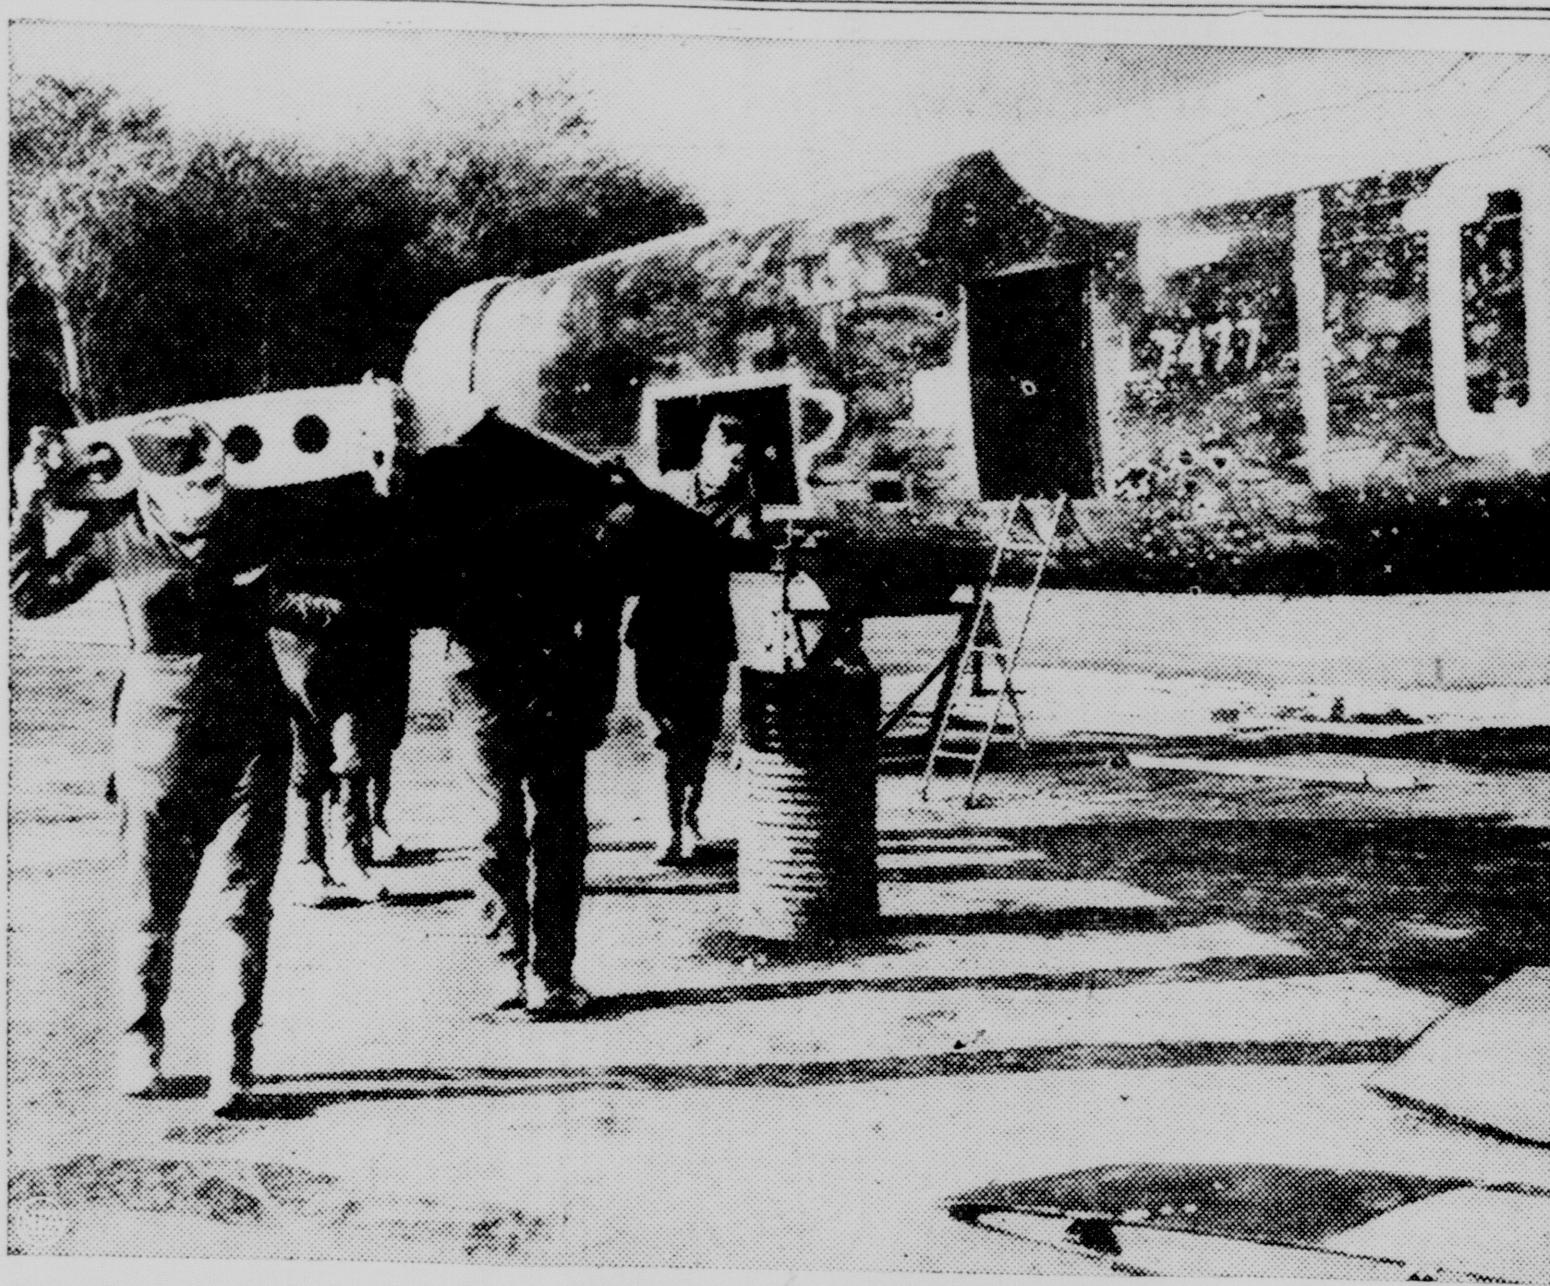

WASHINGTON, April 28—At least 50,000 persons, including President Roosevelt himself, have incomes over \$25,000 a year—the figure which the chief executive said ought to be an individual's maximum after payment of taxes.

In 1940, last year for which income tax studies are available, 50,747 persons reported incomes of \$25,000 or greater. However, probably no more than half that number at most had \$25,000 left after paying the tax collector.

Under present tax laws, a person can earn up to about \$40,000 a year and after paying federal taxes, stay within the President's limit. But in about half the states, state income taxes also take a chunk out of large incomes.

President Roosevelt's salary is \$75,000 and he has additional income from personal property. He pays federal and New York state income taxes.

(Incidentally, in connection

Despite heavy defenses surrounding the vital industrial district, R. A. F. Bomber Command raids on the Ruhr have been successful. Picture shows bullet-riddled plane being repaired after coming safely through German flak after dumping bombs on target.

with the talk of salaries, White house officials said Monday the chief executive is a poorer man than when he became President. While his mother left him the major portion, an estate of more than \$1,000,000, it was explained, he will not come into possession of it for another year because it is in process of settlement.)

Mr. Roosevelt, however, would be far down any list of persons with big incomes.

Treasury reports—the latest available—show that 41 persons paid tax on 1939 incomes in excess of \$1,000,000, but do not disclose their names.

### Some Be Hard Hit

There is a long list, however, of corporation executives, movie and radio stars who, it is known, will be hard hit if congress enacts Mr. Roosevelt's proposal.

Here are some salaries paid to individuals in 1940 as disclosed by corporation reports to the securities and exchange commission:

Louis B. Mayer, \$697,048 as managing director of production for Loew's Inc., motion picture company; Eugene G. Grace, \$478,144 as president Bethlehem Steel Corp.; George W. Hill, \$456,415 as president American Tobacco company; Hunt Stromberg, \$332,667 as supervisor of production for Loew's; Nicholas M. Schenck, \$318,881 as president Loew's.

W. C. Fields, \$225,000, and Deanna Durbin, \$209,833, from Universal Picture Co., Inc.; Paul M. Hahn and Vincent Riggio, \$251,849 each as vice presidents American Tobacco Co.; Harry F. Sinclair, \$200,930 as executive committee chairman of Consolidated Oil corporation; Walter S. Gifford, \$210,150, as president American Telephone and Telegraph Co.; Ernest T. Weir, \$245,400 as chairman and George R. Fink, \$245,300 as president National Steel Corp.

These figures represent only salaries or similar compensation paid by corporations. Thus they leave out of account the income some of these individuals may have had from investments.

## Your Clothes... And The War!

Because of the necessity for all out production of War essentials our Government has asked us to conserve all woolsens and have in fact ordered civilian clothes restrictions such as no patch pockets, no cuffs, no belts, no pleats, no extra pair of pants, etc. Women's clothes also will be made much plainer and without frills.

What does this mean to each of us? It means first that it is our patriotic duty to conserve and help our Government and second our own selfish interests demand that we make what we have do us as long as possible.

The best possible way to conserve woolsens is to have them DRY CLEANED regularly but also THEY MUST BE PROTECTED AGAINST MOTHS. Millions of garments are destroyed by moths yearly thereby necessitating the useless purchase of millions of yards of wool. We therefore take pleasure, now more than ever, in offering the following service which is absolutely Free:

ALL WOOLENS (Knits and Boucles excepted) DRY CLEANED BY US ARE TREATED WITH MONITE AND GUARANTEED AGAINST MOTH DAMAGE FOR A PERIOD OF SIX MONTHS.

The above service and guarantee will definitely solve your moth problem, for by having your clothes cleaned regularly by us they will be constantly INSURED against moth damage and incidentally the Dry Cleaning itself will prolong the life of the garments.

The rival oils were run till they wrecked identical engines. Against every 100 miles made by its nearest rival in this certified test, Conoco N<sup>th</sup> oil ran up 174 miles! And against every 100 miles averaged by all five others, Conoco N<sup>th</sup> ran up 211 miles!

Change to this patented oil that will OIL-PLATE your engine the same as the OIL-PLATED winning engine. OIL-PLATING is lubricant bonded throughout your engine's insides. OIL-PLATING can stay up as high as the topmost piston rings, without all draining down, all the while you use Conoco N<sup>th</sup>. This oil gives you both oil film and OIL-PLATING; keeps you just that much farther from serious wear that would soon keep you buying quarts.

OIL-PLATING comes from an added synthetic whose magnet-like action can bond lubricant to metals. And still another added modern synthetic in Conoco N<sup>th</sup> acts against today's common complaint of

gummed-up "lubrication" that puts a drag on mileage. Even in all the heat of Death Valley, Conoco N<sup>th</sup> stayed so good that it far out-mileaged the other brands tested—from 74% up to 161%.

Step up to Your Conoco Mileage Merchant. Say Conoco N<sup>th</sup> and you'll get your correct change for Spring. You'll get mileage—and goodly relief from some of your car worries in these days of scarcity. Continental Oil Company
